THE INTERNATIONAL ASSOCIATION OF JEWISH LAWYERS AND JURISTS (R.A.)

Dear friends,

Pursuant to the notice I distributed last week where I emphasized that Israel functions according to the rule of law, and the results of the police investigation concluding that the murders of the Arab teenager Muhammad Abu Khdeir were Jewish, the International Association of Jewish Lawyers and Jurists strongly condemns this murder and calls on the Israeli legal system to prosecute those responsible for the murder to the fullest extent of the law.

I very much wished that that this would not have been the result of the investigation, though this result teaches that our association must continue its work as an advocate against hate crimes and racism. I promise that this is what our association will do.
